Total budget

96.885,20 EUR

Project description

Project's main objective was to improve the quality of life in cross-border region through effective use of the existing natural resources and promotion of organic beekeeping. Specific objectives were: Promotion of best beekeeping practices and exchange organic beekeeping know-how through implementation of beekeeping exhibition and study visits for presentation of innovative beekeeping approaches; Establishment of permanent network for environmental protection and sustainable use of natural resources APINET; Increasing the public environmental awareness through implementation of joint information and publicity campaign for nature protection and environmental friendly agricultural behaviour and through promotion of organic beekeeping products. APINET cross-border network was established. Memorandum for cooperation in beekeeping and organic beekeeping was signed by seven (7) parties from both cross-border regions; Environmental awareness campaigns was implemented. Permanent network for environmental protection and wise use of natural resources APINET was created.

The project was successfully implemented in February 2015.
